

If You Knew Susie (Like I Know Susie)

For 3-part Male Voices (TBB) with Piano, Electric Guitar, Electric Bass and Percussion

092

Performance Notes:

This is a fun, humorous arrangement that can be performed by any size group. Use soloists as indicated, performed as funny as possible. The center section (4 measures before Letter [D]) should be "improvised" dialogue between 2 people, either one male and one female or 2 males, one dressed in funny wig, shirt, etc. The "female" character should be proclaiming "her" jealousy and anger at hearing about this new "girl in town", Susie. The "male" character knowing the true identity of Susie should be amused and give no real explanations. The joke is finally revealed at the end of the arrangement. Have Fun!
